Established operations already have the equipment, inventory and well trained employees in place. The attractive prototype building is located on a highly traveled road with great visibility and access. The national franchise benefits from top brand awareness, exceptional advertising and 60+ years of experience in providing training and support systems to franchisees that are geared towards business success. Sales have averaged \$435,000 over the past 6 years. The Asking Price for this operational business and established customer base has been reduced to \$70,000 plus \$5,000 in inventory.
